Respected Principal,

Greetings from Smile Foundation!!

We are pleased to share with you about Siemens Scholarship Program - Corporate Citizenship initiative of Siemens India. The objective is to support and promote engineering education amongst meritorious students from less privileged families

Under this initiative, Siemens would offer a limited number of Scholarships by providing financial support and personality development plan for students with annual family income not more than Rs 2 lakhs. Request you to support us in reaching out to the deserving first year students by putting up our communication material in your college premises. The same is attached for your reference and a poster is couriered to you.

We look forward to your support and cooperation in launching this initiative. You could get in touch with us at siemenscholarship@smilefoundationindia.org for any clarification.
