

About CSE-2020

Communication is a social need for an individual, and it is the lifeblood for a splendid work culture. Today it is not sufficient enough just to have the technical ability to do our job. We need to possess interpersonal skills to communicate, motivate, organize, counsel and negotiate. With globalization and the prevailing economic scenario, even the Public and Government sectors have to operate in a rapidly changing, turbulent and highly competitive environment. Organizations/Companies have to harness their employees' skills, knowledge and attitudes to ensure quality and quantity in every aspect of work.

Objectives:

To achieve all these, and to meet a growing demand for effective communicators to acquire the art of practicing interpersonal skills and to succeed at the workplace, this workshop has been designed with the following objectives:

1. To equip students with basic skills necessary for getting, keeping and doing well on a job.
2. To bring about an understanding of the importance of communication and interpersonal skills in both professional and personal lives.
3. To enable the participants to develop their interpersonal competence that will help them to prepare for the everyday challenges of the workplace.
4. To discuss and describe the main employability skills for beginners.

Course Contents:

- Communication Styles and Effective Communication
- Presentation Skills
- Political Correctness
- Emotional Intelligence
- Motivation and Work Culture
- Effective Leadership
- Vocational Success
- Team Work and Building Relationships
- Career Planning and Development
- Self Development
- Organizational Values and Ethics

Who Can Apply:

This intensive workshop has been designed for B. Tech students of the Institute who are about to join an organization or preparing to face interviews. The course is highly essential for the young professionals seeking to improve in career and their communication skills, enhance their working relationships and gain heightened level of performance through assertiveness and influence.

Registration:

There will be no registration fees. However, number of participants would be limited to 50 only. Admission to the workshop is purely first come first served basis.

About Kurukshetra

Kurukshetra, steeped in history and mythology, is a place of great spiritual significance where Lord Krishna delivered the divine message of Shrimad Bhagwat Gita. This place from where knowledge spread far and wide was chosen as his capital by King Harshwardhana. It is one of the premier Centre of pilgrimage, attracting devotees in a steady stream all-round the year. Kurukshetra is a railway junction on the Delhi- Karnal-Ambala section of the Northern Railway. It is about 160 kms. from Delhi. The Institute is about 10 kms from Pipli, a well-known road junction on the Sher Shah Suri Marg (NH-1), and about 5 kms from Kurukshetra Railway Station.

About the Institute

National Institute of Technology, Kurukshetra, one of the 31 NITs in the country, is a premier center of learning and research in various disciplines of Engineering and Management. It trains and develops high caliber professionals to serve not only the country but also the world at large. Established in 1963 as an REC- a joint enterprise of the Government of India and the Government of Haryana - the college was elevated to a National Institute with Deemed University status in June 2002. The Institute has made rapid strides in expanding and upgrading facilities, enhancing the quality of education and strengthening the linkage with industry. The Institute Alumni are well placed in reputed organizations in India and abroad.

About the Department

The Department of Humanities and Social Sciences, one of the thirteen teaching Departments of the Institute is devoted to fulfill the mission of imparting quality education in Humanities and Social Sciences that develops innovative and competent engineers who are socially responsive citizens and can undertake research that generates prime knowledge for the growth of industry and society and futuristic knowledge, focusing on the socio-economic needs. The Department is continuously involved in expanding the teaching-learning process to integrate humanistic values and social concerns with technical education. The Department provides doctoral (Ph.D.) facilities in the areas of English, Economics, Psychology, Management and Intellectual Property Rights.
