At the outset, the Director welcomed all the members of SCSA. Thereafter, the agenda was taken up and item wise following decisions were taken:

SCSA 54.01 To consider and approve the format of degrees to be awarded in the Convocation-2018 of following programmes:

- (i) B.Tech. in Production & Industrial Engineering
- (ii) M.Tech. in Chemistry (Molecular Engg. and Advanced Chemical Analysis)
- (iii) M.Tech. in Computer Engineering (Cyber Security)

The SCSA considered and approved the format of degrees to be awarded in the Convocation-2018 of following programmes.

- (i) B.Tech. in Production & Industrial Engineering
- (ii) M.Tech. in Chemistry (Molecular Engg. and Advanced Chemical Analysis)
- (iii) M.Tech. in Computer Engineering (Cyber Security)

Minutes were confirmed.

Item 54.02 Any other item

No specific other issues/concerns were raised by members.

The meeting ended with a vote of thanks to the Chair.

DIRECTOR

S 33.04 To approve the seat matrix for B.Tech, M.Tech, MBA and MCA programmes of the institute as per Gazette notification of Rights of PWD Act 2016

The admission process for B.Tech programmes, M.Tech programmes and MCA programme for Academic Session 2018-19 has already been started by the respective centralized admission agencies.

There is no centralized admission process for MBA programmes in NITs hence the admission process for MBA is to be done at the institute level only. The seat matrix for B.Tech. programme of the Institute with increase in Girls' quota i.e. 14% has already been approved in 32nd Senate meeting held on 1.2.2018.

As per Gazette notification of Rights of PWD Act 2016

32. (1) All Government institutions of higher education and other higher education institutions receiving aid from the Government shall reserve not less than five per cent. Seats for persons with benchmark disabilities."

Accordingly, the seat matrix of various programmes of the institute for Academic Session 2018-19 are attached as Annexure **33.04** from page 20 to 24.

The seat matrix for B.Tech., M.Tech. and MCA programmes has already been sent to centralized admission agencies after taking approval from the competent authority.

The Senate may kindly note the seat matrix for B.Tech., M.Tech., MBA and MCA programmes of the Institute as per Gazette notification of Rights of PWD Act 2016.

S 33.06 To approve the report of the Committee constituted to decide the issues related to the branch change of B.Tech. 2nd semester students (2017 batch).

The Senate in its 32nd meeting held on 1.2.2018 vide item no. S 32.17 decided to review the process of branch change from the next academic session. In this regard, to review the process of branch change, a committee comprising of following members was constituted by the Director:

- | | |
|---|----------|
| 1. Prof. Mayank Dave, Computer Engg. Deptt. | Chairman |
| 2. Prof. Gian Bhushan, Prof. I/C (Acad.) | Member |
| 3. Prof. Mahesh Pal, Civil Engg. Deptt. | Member |

The above committee submitted its recommendations which are enclosed as page 28.

The Senate may consider and approve the report of the committee.

Dated: 08-03-2018

Subject: Report regarding Branch Change in B.Tech. Scheme

This is with reference to letter No Dean(Acad.)/197 dated 5/6-03-2018, wherein a committee was constituted to review the process of branch change from the next academic session. The committee deliberated upon the various issues related to the branch change under new B.Tech. scheme, which has been implemented with effect from academic year 2017-18.

The major issues relating to branch change process are:

1. The branch of a student is changed based on the result of first semester. All the students do not study common subjects in first semester. The students of CS, IT & ECE branches study Communication Skills in English and Engineering Practice while the students of CE, ME, EE & PR study Economics for Engineers and Engineering Graphics. The other subjects for all the branches are same except one branch specific subject. It is not fair to prepare the merit list based on results of different subjects which are having different levels of difficulty.
2. When a branch of student is changed in the second semester, the student has to clear the branch specific subject offered in the first semester as per the Senate decision (S32.17). It puts extra load on the student in second semester. The students have to attend the classes in extra time or on Saturday to attend the classes of that subject. Further, this creates another issue of allowing faculty to engage classes for these students. Non availability of sufficient faculty in departments will aggravate this issue.
3. The students whose branch is changed from CE, EE, ECE, ME & PR to CS/IT have to study an additional subject of Engineering Graphics (Web Design).
4. Manohar Award of Excellence is given to topper of B.Tech 1st year (based on the results of first and second semester). The students whose branch is changed are put to disadvantage because their load of subjects is more in second semester as they have to study additional subjects.
5. The branch change was smooth in the previous B.Tech scheme because the branch was changed after 2nd semester and all the students used to study same courses up to second semester.

Keeping in view the above difficulties arising out because of branch change, it is proposed that branch change should not be allowed in the current B.Tech scheme as it is branch specific from the first semester itself.

S 33.07 To consider and approve the Audit Course in B.Tech. 2nd sem. for B.Tech. 1st year students in Physical Education & sports.

A request from Prof. I/C (Sports) has been received regarding Audit Course in B.Tech. 2nd semester for B.Tech. 1st year students in Physical Education & Sports (enclosed on page 30). Our Institute has been offering the credit course in Physical Education and Sports Proficiency for B.Tech. 1st year students.

Keeping in view the fact that a healthy and fitter nation is better in performance in all parameters, hence the UGC and Govt. of India support and promote the development of sports and physical education in its colleges and universities to provide an opportunity for the students to participate in sports and physical activity in a big way.

The Senate may consider the request and approve to restart in audit course in B.Tech. 2nd semester for 1st year students, w.e.f. 2018-19 batch.

Subject: Request regarding in Audit Course in B.Tech 2nd sem. for B. Tech 1st year students in Physical Education & Sports.

The NIT, Kurukshetra has been offering the credit course in Physical Education and Sports Proficiency for B.Tech 1st year students. In addition, NIT provides games to all its students. It also awards the Gold Medal (Instituted by the NIT, Kurukshetra) for overall sports performance of its students under the criteria laid down for the purpose by the NIT, Kurukshetra.

In this era of hypo kinetic diseases, WHO advocates, Physical Education programmes lay the foundation for lifelong active living, enhance health and wellbeing and help to prevent future health problems. And the new WHO recommendations are that at least 150 minutes of moderate intensity aerobic physical activity throughout the week for people aged 18 and above can reduce the risk of non-communicable diseases, including breast and colon cancers, diabetes and heart disease. UNESCO charter of Physical Education and Sports (2015 Revised) promulgates, "One of the essential conditions for effective exercise of human rights is that everyone should be free to develop and preserve his or her physical, intellectual and moral powers and that access to 'Physical Education and Sports' should consequently be assured and guaranteed for all human beings". The fundamental principles of sport-respect for opponents and for rules, teamwork and fair play- are consistent with the principles of the United Nations Charter and the UN declares that, "When young people have access to physical education, they can realize ideals of teamwork and tolerance, and be drawn away from drugs and crime."

The UGC in its guidelines for developments of sports and physical education in universities and colleges emphasized that Sports are a means of physical and mental development besides creating harmony in the country. Sports is like a matrix where persons of all creeds, colour, religion and socio-economic status have the level playing ground. It's a melting pot where all and sundry have equal rights and opportunities. Sports is thus, a glowing example of national integration. The participation in sports makes a nation fitter and also reduces the burden of morbidity and mortality in the population. Indian people are by the health system of the country exponentially. Keeping in view the fact that a healthy and fitter nation is better in performance in all parameters, hence, the University Grants Commission (UGC) and Government of India support and promote the development of sports and physical education in its colleges and Universities to provide an opportunity for the students to participate in sports and physical activity in a big way.

National and International bodies proclaim that "When young people have access to physical education, they can build up their health and self-esteem, use their talents to the fullest, learn the ideals of teamwork and tolerance, and be drawn away from drugs and crime." Then why the present NIT authorities without much thinking are working against the policies framed by National and International bodies.

Sir, it is humbly requested to kindly approve for restart in audit course in B.Tech 2nd sem. for 1st year students.

Thanking You.

Ms. Nitika Kataria fell down from the balcony of her hostel (Kaveri Bhawan) from 4th floor on 17.5.2012. She was hospitalized in PGI Chandigarh and could not appear for her regular 5th semester examination. Due to long period of absence from the Institute, she could not get chance to clear her regular as well as re-appear examinations.

Ms. Nitika Kataria is having re-appears in the various semesters as under:

1 st Semester	5 re-appears	2 nd Semester	3 re-appears
3 rd Semester	2 re-appears	4 th Semester	1 re-appear
5 th Semester	3 re-appears		
Total Odd Semester	10 re-appears	Total Even Semester	4 re-appears

As per Institute rules passed in Senate meeting in its 18th meeting held on 1.11.2011 vide item no. 18.7 (A I), she is eligible to reappear for her even semester reappears in examinations to be held in May/June 2018. She cannot reappear for her odd semester reappears. Ms. Nitika Kataria has requested in her letter that she may be allowed to appear for her odd semester reappears as a special case in the examinations to be held in May/June 2018.

Keeping in view her long period of absence, as explained in the request, Senate may consider her case and decide.

Respected Sir/Madam,

With profound respect I would like to submit the following facts for your kind consideration:

1. I was a student of B.Tech (C.I.) in NIT Kurukshetra Haryana during the Session (2010-2014). At around 9 PM on 17th May, 2012 while I was hanging my wet clothes on the rope in my balcony for drying, it broke and I suddenly fell down and was badly injured. During that period I was residing in Kaveri Bhawan (Hostel) on 4th floor.
2. This was due to the fact the enclosing parapet structure on the open structure adjoining my room was not fully constructed up to the stipulated height and that is the reason why I fell down from the fourth floor after losing my balance. In case the enclosing wall/fence would have been properly constructed up to the stipulated height, it would have prevented my fall and thereby stopped loss of my life/injury.
3. Consequently, my right leg was fractured in 2 places and my hipbone was also fractured. Since, it was summer season all the other students were away from the floor and there was nobody to rescue me. The canteen staff helped me and took me to L.N.J.P Hospital, Kurukshetra for First-Aid and treatment. But due to serious injury, the said hospital refused to admit me and referred me to P.G.I Chandigarh.
4. The hostel in which I was residing had a balcony which was very low and congested. Frequently we, the students had requested the hostel warden and NIT Admn. Kurukshetra to take necessary steps to complete the construction of the balcony to the stipulated height as per laws of construction standards applicable to educational institutions prescribed by the government.

::
::

5. Due to the gross negligence of the authorities I was victim of this grave incident, which has caused me trauma and I am suffering even to this date. This entire incident was published in the media.
6. After going through this news the NIT Admn met my parents in PGI Trauma Centre and begged them not to take any further steps by going to the local police/ legal action and assured my parents that they will bear all the Hospital/Treatment expenses.
7. While I was under treatment in P.G.I. Trauma Centre the local police from Kurukshetra Police station came to meet my parents and asked whether I would like to lodge any complaint or FIR against the NIT Authorities. Due to consistent and constant request of the NIT Authorities not to proceed against them through the police/legally, my parents did not proceed to lodge any complaints whatsoever.
8. I was hospitalized for one and half month under treatment in PGI, Chandigarh and further I was advised strict bed rest for three months by the hospital that treated me. As a consequence, I could not attempt my fifth semester examinations. Further, due to shortage of attendance, debarred me from sitting in the examination for no fault of mine as the accident happened to me due to which I am suffering till date.
9. Unfortunately due to the trauma caused by the accident because of the fall caused to me, I could not clear one paper in the third semester and two papers in the fifth semester till now.
10. I do humble request to you with all humility to treat me as special case with compassionate and humanitarian ground and give me a mercy chance in next coming examination would be conduct in May/June, 2018 to clearing all my supplementary papers and awarding me a B-Tech (IT) Degree so that my career is not further ruined.

11. My career has been hampered due to this terrible accident and thereby causing irreparable to me and my family and lowering my dignity in society
12. I humbly submit that the state of Haryana took the first pioneering step to launch the Government's "Beti Bachao, Beti Padhao" flagship program ensuring confidence, dignity and emancipation of the girl child to which I also belong. In case I am not given minimum relief by the NIT with a compassionate and humanitarian approach by awarding me a B-Tech(IT) degree, it will become a blot on the flagship program of the Government and also on the state of Haryana, which I am sure will cause serious repercussions.

Aspiring for a prompt, positive, compassionate and humanitarian response.

Yours sincerely,

Item 18.7: Updating present rules for conduct of Institute examinations.

The Senate approved the proposed rules for conduct of Institute examinations with minor amendments as under (to be effective from even semester 2011-12).

(A)

I. The end semester examinations for Odd and Even Semester courses are to be conducted in respective Semesters only.

II. However, for final semester students the reappear examinations of only final year B. Tech / M. Tech./ MBA / MCA courses to be conducted in the month of July every year as a special case

(B)
