Foundation for Academic Excellence and Access (FAEA)

3 May 2019

Dear Prof. Anand Mohan,

Seventeen years back we had launched a scholarship program for the economically and socially marginalized group in higher education. So far we have given scholarships to around 2000 students. The scholarship covers the entire cost of education of any institute of the student's choice for the duration of the course.

We are inspired by the idea that unless children from these groups have access to centers of excellence, they will not have access to economical opportunities. This year we have limited number of scholarships for extremely bright but poor students in SC/ST/BPL Category. Further, this year we have a few scholarships available exclusively for girls students (from Karnataka, Kerala, Maharashtra, Tamil Nadu) from socially and economically disadvantaged sections of society (SC/ST/BPL Category) in higher education who are pursuing professional courses like Engineering, Medicines, Law, CA or any other suitable courses. In addition we have some need cum merit based financial grants for General Category students. Since the number of scholarships this year is limited we shall request you to recommend only outstanding students who would not be able to pursue higher education for want of financial support.

The students can apply online on <http://www.faeaindia.org>.

We shall be grateful to you, if you could inspire extremely poor but very bright students especially to apply for the scholarships.

The last date to apply is 1 June 2019.

With warmest personal regards,

Sincerely yours,

For FAEA,

Prof. V. R. Mehta

Former Vice Chancellor of Delhi University
