Subject: Urgent: Samsung Star Scholar : Rules Modified-Date Extended: 15th February

To: ScholarsStarSamsung <star.scholars@samsung.com>

Dear Sir/Madam,

We have received a request from many students as well as Institutions to extend the date of submission of application again. After considering the request our management has **extended the date of submission of the application to February 15, 2017.**

**We have also modified the rules slightly** to be more inclusive. Now, applicants who have passed **either Xth or XIIth** from Jawahar Navodaya Vidyalaya can apply. Also, it will be merit based as earlier, based on JEE rank, but now there will be no limitation of the amount due to the fees or hostel or mess bill - awardees will be given the **full amount of Rs. 2 lakhs per year.**

Other terms and conditions remain unchanged. Modified rule book and application is attached for your reference. Samsung Star Scholar's application form and Official Rules are also available online at <http://www.samsung.com/in/microsite/sane-hue-bade/star-scholar>.

You are requested to intimate the same to all students as soon as possible. You are also requested to upload this notice on your website to reach maximum number of students. Kindly display this poster at prominent places in your institute.

**Students who have already applied need not apply again.**

Once again, thank you for your kind support and cooperation.

Warm Regards,

**Samsung Star Scholar Team**
