INTRODUCTION

Department of Physics, National Institute of Technology, Kurukshetra is organizing **10th National Conference on ‘Nanoscience and Instrumentation Technology’ (NCNIT-2022)** during **July 9-10, 2022**. Nanomaterials play key roles in science and technology in 21st century. The objectives of this conference series are to provide an interdisciplinary forum for Scientists, Engineers, Technologist and Industrialist engaged in the full spectrum of research & development, applications and to discuss the current status and recent developments of instruments through these materials. In addition, the conference will provide excellent opportunities to review the recent development and technological applications covering wide range of topics. Themes have been selected to accommodate wide range of interests to facilitate interdisciplinary interactions in academic fields and technology / industry.

Established in 1963, the Institute is one of the top ranking institutes for engineering and technology education in the country. The Institute was conferred upon the status of Deemed University on June 26, 2002 and declared an Institution of National Importance by MHRD, Govt. of India on June 6, 2007.

About KURUKSHETRA
