**Paper Submission :**  
November 22, 2023

**Acceptance Notification:**  
November 26, 2023

**Submission of Final Papers:**  
November 28, 2023

**Registration:**  
November 30, 2023

## ABOUT CONFERENCE

The conference theme, 'Psychology, Science and Technology', refers to two independent entities working together for the betterment of the society. 'Psychology' is the study of mind and behaviour that encompasses the psychophysiological, social, and environmental factors that affect how people think, act and feel. On the other hand, 'Science and Technology' is the study that deals with the creation and use of technical resources and their interrelation with life, society, and the environment. The interface among Psychology, Science and Technology has emerged gradually from ancient times. New technologies enable psychological scientists to take their research out of the lab and into the world, where it can be tested in real life. The proposed conference will focus on discussing past practices and exploring the new possibilities and future of Psychology in this ever expanding science & technological world. It will bring together the principles of Innovation, Invention, and Creation to the ground realities. Our core idea is to lead toward new directions and possibilities in the respective fields with the help of Indian Knowledge System Perspectives

### Chief Patron

**Dr. B.V. Ramana Reddy**  
Director, NIT Kurukshetra

### Organizing Chair(s)

**Prof. R.K. Aggarwal**  
Prof-In-Charge, IKS Cell  
NIT Kurukshetra

### Organizing Secretary(s)

**Dr. Shabnam**  
**Dr. Kuldeep Kumar**  
Faculty-In-Charge, IKS Cell,  
NIT Kurukshetra

### Registration Details

- Students & PhD Scholars: Rs 1000
- Faculty/Academician: Rs 2000
- Corporate Delegates: Rs 3000
